STEPS ON THE TREATMENT JOURNEY

1 **Insurance Verification.** After your doctor has determined the treatment that is right for you, a R.A.R.E. Patient Support Program Insurance Specialist will support you and your doctor's office in understanding insurance coverage.

- **For patients with high out-of-pocket costs,** also called copays, R.A.R.E. may be able to connect you with financial support*
- **For patients who are uninsured or underinsured,** R.A.R.E. can coordinate support from the Recordati Rare Diseases Patient Assistance Program*

2 **Pharmacist Follow Up.** Once your prescription has been processed, a pharmacist will call you to schedule delivery of your medication to your home or another convenient location, and answer any questions you might have about getting started with treatment†.

3 **Nurse Educator Check-In.** Shortly after beginning treatment, a specially trained R.A.R.E. Nurse Educator will call you to discuss your treatment journey, answer questions about your condition or medication, and discuss your treatment goals†.

4 **Worry-Free Refill Processing.** To help make it easier for you to access resources and manage your treatment journey, the specialty pharmacy will remain in contact with you regarding medication refills and deliveries†.

- **For questions regarding your medication,** the specialty pharmacy is available to you at: **1-888-855-RARE (7273)**

Recordati Rare Diseases offers a $20 copay for qualified patients with commercial insurance*.
